

# DETERJET

*Degreasing  
detergent*

## HOW IT WORKS

- Degreaser for the removal of organic dirt and residues of oily and greasy substances.
- it can also be used in scrubber-dryer machines.

## WHERE TO USE

It is used on stones, marbles, granites, terrazzo, concrete and cotto tiles.

## WHY TO CHOOSE IT

1. Does not leave streaks or dulling
2. Does not damage equipment
3. Quickly eliminates heavy and stubborn dirt

**CONSUMPTION:** depending on the dirt and the dilution

**DILUTION:** for ordinary cleaning 100/300 ml in 10L of water; for extraordinary cleaning 1L in 4 / 10L of water; at higher concentrations or pure as wax remover.
