

# SERVICE ACIDO

*Mild acid  
descaler*

eco  
products

## HOW IT WORKS

- Controlled action acid descaling cleaner.
- Eliminates calcareous soil, concrete residues, efflorescence, rust and traces of paint

## WHERE TO USE

It is used on stones, marbles, granites, terrazzo and unpolished concrete.

## WHY TO CHOOSE IT

1. Does not release toxic vapours
2. Can be used in scrubber-dryer machines
3. Does not contain hydrochloric or muriatic acid

**CONSUMPTION:** 15 sqm with 1 L

**DILUTION:** it is used pure or diluted in water; the dilution ratio depends on the type of material to clean and the quantity and nature of dirt to remove.
