

13H3

Strong acid descaler

HOW IT WORKS

- Removes efflorescences, concrete, mortar, residues and dust and wallpaints.
- Also used diluted as neutralizer after alkaline wash.

WHERE TO USE

It is used on concrete and cotto surfaces.

WHY TO CHOOSE IT

1. Does not exhale toxic vapours
2. Substitutes muriatic acid
3. Correctly use, it is not dangerous for operators and for environment

CONSUMPTION: 10 sqm with 1 L

DILUTION: it is used pure or diluted as needed

Bottle 1L

Tank 5L - 10L

- ✓ WATER BASED
